TRANSFORM

Teaching School Alliance
‘Together we Achieve’

Coaching is a huge part of how we deliberately **transform** our classroom and leadership practice within and across our schools. By ensuring a continuous investment in **listening, observing** and **reflecting** processes, we can help you to genuinely ANSWER the questions:

What's the key change that will make the difference?

What difference will that make?

Elizabeth Barratt,
Transform Coaching Programme

If you are ready to extend your coaching skills to help effect lasting positive change in school, join the Transform Coaching 2 programme starting 27th April 2016.

This highly practical and interactive programme is designed to help you address specific challenges within school by developing strong coaching skills that can be rolled out across the entire school staff team. Previous programmes have transformed how senior leaders manage change and improvement, with participants reporting positive impacts across school.

For further information regarding the programme please see the attached flyer.

To book a place contact Katie Felstead on **0115 982 5090** or email: katie.felstead@transformteachingschool.co.uk

“This programme will add tremendous value within our school in terms of supporting staff development and performance.”

Headteacher,
July 2014.
