Transform Teaching and Learning Bespoke Support - TL1

Transform Teaching and Learning Bespoke Support TL1, has been developed to provide highly personalised targeted support based entirely on the individual needs of each school. This flexible service can be delivered as one to one support or to groups of teachers / teaching assistants and will draw on a range of interventions to help raise standards in teaching and learning where it is needed most in school.

A free initial meeting is organised to complete a review using a carefully developed diagnosed matrix. The review also links to your school improvement plan to ensure that any agreed actions following this meeting address your schools teaching and learning priorities.

Typical sessions could include any one or combination of the following:

- ◆ Bespoke staff meetings and INSET days to support teaching and learning
- ◆ Targeted support for teacher(s) / TA(s)
- ◆ Facilitation of evidence-based teaching projects
- ◆ Development and support of in-school Teaching and Learning Lead
- ◆ Coaching to support and improve Teaching and Learning
- ◆ NQT and NQT+ support and guidance including mentoring
- ◆ Quality assurance of judgements on teaching and learning.

This might be helpful for:

- ◆ Moving a teacher/small groups of teachers as in their practice within an agreed timeframe
- ◆ Mentoring for a new Teaching and Learning Lead
- ◆ Training coaches in school
- ◆ Accelerating/securing the development of new teachers.

This service will be delivered by Rachel Meli, Lisa Vann and Adele Thackeray.

The cost of this support will be dependent upon each individual plan of action, but will be costed approximately at £350/day.

For further information and to book an initial meeting with Rachel please email Rachel.meli@transformtrust.co.uk
