Coaching for Headteachers

2018/19

This programme tackles the real challenges and meets the unique development needs of Headteachers, Organisation Leaders and Peer Coaches.

Coaching for Headteachers will consider the role of a Headteacher as:

- A coach
- The lead of a coaching school
- A coach for peers - creating a network to support and develop Headteacher colleagues
- A system leader

This programme will consider the concepts of:

- Talent spotting and developing coaches for improvement among your staff
- Coaching as a means of building leadership capacity and distributed leadership
- Coaching to support a school partnership/MAT
- Creating a coaching culture
- Coaching as a mechanism for managing change and difficult conversations

Structure:

3 x afternoon sessions. Lunch at 12.30pm - Session 1.00pm - 2.45pm

Each group will be limited to 6 participants so that the focus and content matches individual development needs and allows problem solving for real and current school issues.

The sessions are held once a month to ensure that there is time in between to help participants in consolidating their skills and learning before the next session.
