## Teaching Leaders

**A unique programme designed to support the growing number of Teaching and Learning Leads across Alliance schools.**

Transform Teaching Leaders is an exciting new programme that is unique to Transform Teaching School Alliance. We recognise the importance of effective leadership in teaching and learning and have designed this programme to ensure that those with leadership responsibility for teaching and learning make a strong and positive impact across the whole school.

This 4-week programme will be facilitated by experienced school leaders and will support the development of leadership, coaching and teaching strategies in school to bring teaching and learning to the forefront of school improvement planning and delivery.

### Sessions will also cover:

- Quality assurance of teacher judgements
- Systems and ideas to use to promote outstanding teaching in schools
- Support to facilitate CPD back into your own schools: how to be an effective facilitator
- Coaching training to set up a network of teaching and learning support within your own school to ensure impact on all staff
- Action planning linked to school vision, ethos and context for teaching and learning
- Leadership development

### Monitoring and evaluation

There will also be one to one discussions to address individual leader development needs.
