

**Siobhan Tolson,  
Snapewood Primary School**

- Primary English and Curriculum Leadership
- Raising standards in English
- Monitoring strategies
- Outstanding Practitioner

'The school I work in has made rapid improvement in a short space of time and I would love to support other schools through the developments that I have been through. I am a forward thinking individual who aims to keep up to date with current practices in my area of expertise. I relish the chance to collaborate with other schools as this gives me the opportunity to take fresh ideas back to my own school. I believe school support is a two way street.'

Siobhan has worked in Nottingham City schools for 4 years, with experience across all age ranges (Year 1 to 6). She leads literacy at Snape Wood Primary School and has worked closely with the Senior Leadership Team on their journey from special measures to good.

She has experience of supporting and coaching leaders in her own school. She developed an exciting and purposeful English curriculum with has accelerated progress in Literacy. Within this overview, she embedded a whole school Grammar and Spelling curriculum, which has significantly raised levels of attainment in English. Siobhan has also supported schools and English leaders across the city to adapt what currently exists in their schools. She has supported leaders in developing an English Curriculum with a focus on English Grammar; as well as, supporting staff with exciting and creative ways to deliver the curriculum.

She is committed to raising levels of attainment in Literacy and providing a high standard of education for all children. She can provide a tailored support for English leaders through effective monitoring, curriculum development, subject knowledge development and staff support.
