

Mollie Fish
Welbeck Primary School

- KS1 Maths Specialist
- Phase Leader
- Outstanding Practitioner

Teaching mathematics has been a strength and passion of mine since I began my teaching career. I have developed a high level of confidence and expertise in my subject knowledge and understanding of what makes effective teaching and learning strategies. I am motivated to inspire and influence innovative and effective thinking, teaching and learning to improve standards and outcomes for children both in my own school and beyond my school.

Mollie is Key Stage One Leader at Welbeck Primary School. She has leadership responsibility for KS1 mathematics. She is skilled in analysing data to identify areas for development, writing subject development plans and creating robust monitoring and evaluation programmes to put in place actions to raise standards and meet targets.

Mollie is an outstanding practitioner with an excellent understanding of what makes great practice and how to achieve this. Mollie has implemented a new maths planning scheme across school to improve standards of teaching and learning in maths and increase teachers' subject knowledge and confidence in delivering outstanding lessons.

Mollie has confidently lead whole-school maths professional development training and completed effective work and planning scrutinies to ensure consistency and high standards across key stage one.

Mollie has coached staff within her key stage to help support and improve their practice. This has included a collaborative lesson observation process, support with quality planning and encouraging colleagues to become reflective practitioners.

Mollie is able to provide schools with support in KS1 maths to ensure that progress and standards are improved and achievement is raised.
